

*This is the continuation of my previous work, "The reason you're cute!"*

*~Simple Summary~*

Childhood friends Chiara and Amare are 1st year middle school students with a developing interest in sexuality. After an unusual suggestion from Chiara, they start spending time hanging around with each other, but soon Chiara starts thinking Amare is cute outside of their friendship.

After struggling to understand why he thinks he's cute, he realizes what a single line from Amare that he likes him.

Now Eliot-Chiara's turn has ended.  
Even though 'The reason you're cute! - Second'  
switches to Amare's point of view  
it's still just a cute story about an eliot couple

We still  
haven't got

Since  
that time

I wonder

If anything  
would get Closure  
worked up

NOT  
POSSIBLE
